

LOANS, OWNER CARD AND LEGAL PROBLEMS

The finance manager classified the €50,000 bank advance as 'strategic income'. The agreement calls it a loan and requires repayment.

Item	Evidence	Amount / term
Opening bank loan	Signed bank confirmation	€100,000
New advance 1 Mar	Bank and agreement	€50,000
Principal repaid	Bank statement	€19,000
Interest expense	Loan schedule	€12,000
Interest paid	Bank statement	€10,000
Owner villa reservation	Owner card/bank	€70,000
Other owner card spending	Owner card/bank	€40,000

The founder labelled the villa payment 'customer research'. The villa is in the founder's personal name and no customer meeting occurred.

LOANS, OWNER CARD AND LEGAL PROBLEMS

External counsel wrote on 31 August that a former employee claim is probable. Best estimate: €25,000. Range: €20,000–€30,000.

No payment had been made by 31 August. Management omitted the claim because 'negative energy reduces valuation'. This sentence is evidence of pressure, not an accounting policy.
